AMERICAN AND FOREIGN PATENTS

R. H. EDDY, Solicitor of PATENTS

(Late Agent of U. S. Patent Office, Washington, under the Act of 1837,)

NO. 76 STATE, OPPOSITE KILBY ST.,

BOSTON.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries.—Caveats, Specifications, Bonds, Assignments and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patens or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by if not immeasurably superior to any which can be offered them elsewhere. The testimonials below give proof that mine is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove that at no other office of the kind are the charges for professional services so moderate The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superor facilities for obtaining patents

All necessity of a journey to Washington, to procure a patent, and the usual great delay there are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse.

CHAS. MASON," *Commissioner of Patents.*

"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

EDMUND BURKE," *Late Commissioner of Patents.*

Boston, February 8, 1858.

"Mr. R. H. Eddy has made for me THIRTEEN applications on all but ONE of which patents have been granted, and that one is *now pending.* Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the *most faithful attention* bestowed on their cases, and at very reasonable charges. JOHN TAGGART."

From Sept. 17th, 1857, to June 17th, 1858, the subscriber, in course of his large practice, made, on *twice* rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor,* by the Commissioner of Patents.

The Wife's Experiment.

[CONCLUDED.]

The next morning, Mr. Thornton watched his wife's movements with some anxiety; he could not bear to have her destroy the favorable impression which he was certain she had made on his friend's mind, and yet some irresistible impulse forbade his offering any suggestion, or alluding in any way to the delicate subject so long unmentioned between them. But Mrs. Thornton needed no friendly advice—with true womanly tact she perceived the advantage she had gained, and was not at all inclined to relinquish it.

The dark gingham dress, linen collar, and snowy apron, formed an appropriate and becoming morning attire for a house-keeper, and the breakfast table afforded the guest no occasion for altering his opinion in regard to the skill or affability of his amiable hostess.

Early in the forenoon, Morton took leave of his hospitable friends, being called away by pressing affairs of business. Mr. and Mrs. Thornton returned to their accustomed avocations, but it was with renewed energy, and a new sense of quiet happiness, no less deeply felt because unexpressed.

A few days afterwards, Mr. Thornton invited his wife to accompany him to town, saying he thought she might like to do some shopping, and she, with no apparent surprise, but with heart-felt pleasure, acceded to the proposal.

The following Sabbath the village gossips had ample food for their hungry eyes (to be digested at the next sewing society) in the appearance of Mrs. Thornton at church, clad in plain but rich costume, an entire new outfit which they could not deny "made her look ten years younger."

This was the beginning of the reform, and it was the beginning of a brighter day for the husband and wife of our story. True, habits of such long standing are not conquered in a week, or a month; and very often was Mrs. Thornton tempted to yield to their long-to'erated sway, but she fought valiantly against their influence, and in time she vanquished them. An air of taste and elegance before unknown, now pervaded their dwelling, and year after year the links of affection which united them as a family grew brighter and purer, ever radiating the holy light of a Christian home.

But it was not until many years had passed away, and our little Nellie, now a lovely maiden, was about to resign her place as pet in her father's household, and assume a new dignity in another's home, that her mother imparted to her the story of her own early errors, and earnestly warned her to beware of that insidious foe to domestic happiness—disregard of little things—and kissing her daughter with maternal pride and fondness, she thanked her for those simple, child-like words, which changed the whole current of her destiny—"*Don't Pa love to see you look pretty?*"

REPUBLICAN NOMINATION.

FOR REPRESENTATIVE TO CONGRESS,

EASTERN DISTRICT,

THOMAS DAVIS,

OF NORTH PROVIDENCE.

LOCAL INTELLIGENCE.

ATLANTIC DIVISION, S. OF T.—This excellent institution located in our city, is in a very flourishing condition. Its meetings are held on Friday evening of each week. Two members were initiated last Friday evening, and three others will be initiated to-morrow evening. Besides these, there are several propositions for membership under consideration.

This organization, if properly managed, is capable of effecting a great deal of good, and of making itself known and felt in the community. Being the only active temperance organization in the city, it has presented before it an extended field of operation, and it should not, under these circumstances, "hide its light under a bushel." The suffering families of the inebriate should be sought out and cared for to the extent of the means of the organization, and the inebriate himself raised up and persuaded, if possible, to abandon his cups. We hope to be able to chronicle many instances where this Division has made its mark.

WINDOW BLIND AND SLAT OPERATOR.—We have been shown the simple and convenient arrangement for this purpose, patented by Fay & Mason, by Mr. A. W. Brown, the Agent for this State. The patentee claims that this improved method of opening and shutting blinds is not only valuable on account of its convenience, (as the blinds can be opened, looked firmly and the slats placed in any position, without raising the window,) but that it preserves the blinds, and is easily kept in repair. The necessity of an article of this kind has long been felt, and we advise some of our carpenters to examine it for themselves, and see if it would not be an object for them to buy out the right of this county, as we understand Mr. Brown offers it for sale.

☞ The grocery wagon of Christopher Handy came in collision with an ox team in front of the News office about 7 o'clock last evening. Grocery wagon broke both shafts; ox team went off all right, with the exception of a slight injury to the "gilding" of the latter.

QUICK & LAWTON THOROUGHBREDS.—Agreeable to a challenge to that effect, a trial was recently had in Philadelphia, between the Horse Coupling of our townsmen, Bliss & Lawton, and that of A. C. Jones, of Philadelphia, in which that of Messrs. Bliss & Lawton proved itself in every respect superior, as acknowledged by the press of that city.

GONE TO KANSAS.—Daniel T. Swinburne, Esq., of the firm of Swinburne & Goffe, left here last evening by steamer Metropolis, en route for Kansas. He expects to return about the middle of August next. Meanwhile the junior member of the firm will continue to "hold forth" at the old place, selling cheaper than ever.

☞ Sheriff Lake yesterday morning conveyed David S. Pearce to the State's jail in Providence, to serve out his sentence for larceny.

GENERAL NEWS.

Case of Capt. Corrie.—Charleston, Monday, May 16.—The Grand Jury report that they find no bill of indictment against Capt. Corrie. The commander of the infamous Slave Wanderer.

Two Days Later From California.—St. Louis, May 16.—The overland mail, with San Francisco dates of the 22d ultimo, has arrived here.

A land slide had occurred in the mining towns of Monte-Christo, killing four persons. The damage done was also considerable, and mining operations had to be suspended.

The State Legislature had failed to provide for the two hundred thousand dollars' worth of bonds still outstanding, notwithstanding the fact that the people desired to pay every dollar of the state indebtedness.

Business was brisk at San Francisco, and money plenty.

Gold dust continued to arrive freely, but there was no change in the market.

The Wheat harvest gives promise of an abundant yield.

Kansas and the Platte River Region.—The people of Southern Nebraska are earnestly agitating for the annexation of so much of that Territory as lies south of the Platte River to Kansas, so as to secure her admission into the Union at the next session of Congress. Public sentiment in that portion of the Territory strongly favors the proposed annexation, and it was recently resolved in mass Convention (of the proceedings of which we published an account a day or two since) that Nebraska City should nominate delegates to the Kansas Constitutional Convention, which is to assemble in Wyandotte in July. The Nebraska delegation will undoubtedly be admitted into the Convention, and it is probable that in defining the boundary of the State of Kansas, the Platte will be designated as the northern line.

Dates from Utah to the 19th ult., are received, but the news is unimportant.

From the Pike's Peak Mines.—Leavenworth, Tuesday, May 17.—Letters from Denver City state that there is a great scarcity of provisions in the mines at Pike's Peak, and much suffering among the emigrants. Several deaths were reported from starvation, and the emigrants arriving were in a destitute condition.

An abundance of provisions is, however, on the way from here and other points. Contradictory reports prevailed regarding mining prospects. The general tenor of the intelligence, however, is not encouraging, but the unfavorable accounts are ascribed to the destitute and discontented emigrants. No remittances of dust or rich discoveries are announced.

Measures have been initiated for a new State. Delegates are to meet at Denver City in June to frame a State Constitution.

—We are informed that the air balloon in which Mr. La-Mountain proposes to try his aereal voyage from America to Europe is fast nearing completion. It is in process of construction at Lansingburg, near Troy. The village paper speaks of the structure thus:

"The balloon will be 65 feet in diameter, and when inflated the car and balloon will be 100 feet high. There will be employed 2,350 yards of silk, (wide China,) the best ever used for such purposes. The silk was put in oil last Friday. Six miles of cord will be used in it next. The car or boat is of unique construction and very strong. It is nineteen feet long, four feet wide, and twenty inches high. It was built in New York city, and is capable of carrying twelve men in the very roughest sea. The boat will be in this village within two weeks. One hundred and fifty thousand cubic feet of gas will be required to inflate the balloon, giving it an ascending power of about three and a half tons."

A POSTMASTER WORTH HAVING.—The little steamer Jenny Lind was unable to come up from Newport against the storm yesterday, and returned to her wharf. The Newport Postmaster, James Atkinson, Esq., promptly sent the mail for this city by a horseman to overtake the stage from Fall River, and telegraphed to the Postmaster here to send the mail for Newport by way of Fall River. This energy in the matter is a characteristic proof of his fitness for the office.—*Prov. Press.*

—The Rev. Dr. Cox is writing a series of letters in *The American Presbyterian*, designed to show that the Apocalyptic battle of "Armageddon" is, in all probability, at hand, in the grand rupture of the peace of Europe now taking effect.

—Mahard, who has been on trial at Buffalo, for incest with his own daughter, a child of twelve years, has been convicted and sentenced to the State Prison for ten years.

PINT CAKE.—One pint of dough, one tea-cupful of butter, three eggs, one tea-spoonful of pearlash, with the addition of some raisins and spices.

A remarkable pillar of light, resembling the tail of a large comet, swept from northeast to northwest over the city of New York on the 29th ult.

—The Emperor Napoleon III, having been born on the 20th April, 1808, has completed his 51st year.

—The principal stores in Philadelphia are closed at 5 o'clock P. M.

Correspondence of the Daily News.

MAY 3D, 1859.

As you will see by the newspapers, things have gone on rapidly since I had the pleasure of addressing you last. In fact, the bold step taken by Austria, has somewhat surprised our Parisians, but not so Napoleon III. Everything leads indeed to the belief, that the probability of the Sardinians being promptly attacked had been fairly taken into consideration by the Emperor of the French and Victor Emmanuel. It is said indeed, that it was agreed between the two sovereigns, that in case of aggression, the Sardinians were to content themselves with arresting the progress of the Austrians, and retire from position to position, to the principal line of defence, protected by Alessandria and Casale, when the French would have had time to unite themselves to them. But I leave to more experienced writers the explaining of the plans adopted or to be adopted for Italy. I shall content myself with describing the physiognomy of the Capital. The enthusiasm of the working classes in favor of the war, is really great and gratifying even to a stranger.—Quantities of young men have left and are leaving daily their workshops to enlist in the army. You can meet at every moment, strolling through the streets, their hats surmounted with tri-colored ribbons, bands of these young enthusiasts, of whom, we may fairly assert, that the greatest number have already found themselves in hot action, as heroes of barricades. Patriotic songs are resounding day and night through the streets, and even the strictly forbidden *Marseillaise* is listened to without frowning by the rigid *sergent de ville*. In the public gardens, at the *Champs Elysees*, on the Boulevards, one tumbles at every step over youthful grenadiers and shavers from 5 to 6 years old, who following the example of the Prince Imperial, are militarily dressed, and armed to the teeth, with wooden swords and other weapons *ejusdem generis*. Speaking of the *sergents de ville* (police officers) these worthy functionaries are pretty near the only force left for the defence of Paris and for the maintenance of public order. At any other moment, this last task might prove rather overwhelming to them, considering the constant hostility existing between the police and the mob. But to-day all unite at the cry of *Vive l' Italie*. Ten years ago the same feeling existed for Poland, and *Vive la Pologne* was at the order of the day. But less fortunate than Italy, hapless Poland was not sustained by the French Government, and *everything remained quiet in Warsaw*. You will have observed that among the officers of the French army, many names are to be found which were gloriously connected with the first empire. Among the most prominent are those of Marshall Baraguey d'Hilliers, whose father was one of the most efficient generals of Napoleon I; the Count of Montebello, son of Marshall Lannes; the Prince de la Moskowa, son of Marshall Ney; Jouchi Murat, grandson of King Murat; the Duke of Rovimgo, son of Savary, the faithful minister and companion of arms of the first Emperor. I pass others not less worthy. Baraguey d'Hilliers has already attained higher promotion than his father; the others will do their best to do as well as theirs.

Some surprise has been felt at the appointment of Marshall Castellanne to one of the armies: Castellane, although a most daring old soldier, is generally considered as partially deranged. The inhabitants of Lyons have not forgotten indeed, how, when commanding the division, of which their city was the head quarters, he used to rouse them from their sleep in the middle of the night, to review his soldiers and have a sham-fight. It is expected however, that at the critical moment, a better man will take his place. Intelligence has reached us, that the grand-duchess of Parma has left her duchy, and has followed the grand-duke of Tuscany in his exile. However frivolous, the Parisians could not help lamenting the fate of this unfortunate Princess, who, born in France, and on the steps of the throne, has seen successively her father, the Duke of Berry, assassinated in 1820; her great grandfather, Charles, driven from France in 1830, and finally her own husband, the young duke of Parma, assassinated in 1854, whilst her brother, the Duke of Bordeaux, *alias* Henry V, is a childless exile, and the last of the French Bourbons of the older branch. Decidedly, that race is an unfortunate one.

Married.

In New Bedford, 12th inst., by Rev. Mr. Jackson, Mr. Daniel McCann to Miss Hannah Nichols.

Died.

The funeral of Joseph H. Record, Jr., will take place this (Thursday) afternoon, from the house of his father, No. 273 Thames Street. Relatives and friends are invited to attend without further notice.

[Communicated.]

"Brother thou art gone to rest,
Thine is an early tomb!
But Jesus summoned thee away,
Thy Saviour called thee home.

Brother, thou art gone to rest,
Thy sins are all forgiven—
And saints in light have welcomed thee
To share the joys of heaven.

Brother, thou art gone to rest,
And this shall be our prayer,
That when we reach our journey's end
Thy glory we may share."

THE AUSTRIANS REPULSED IN AN ATTEMPT TO CROSS THE PO.

Death of Humboldt.

ST. JOHNS, N. F., May 18. The steamship Canada, Capt. Lang, from Liverpool Saturday, 7th inst., passed Cape Race last evening, en route to Halifax and Boston. The Canada arrived at Halifax this forenoon, and, as our dispatch from St. Johns did not come to hand until to-day, we have ground to suspect that it was purposely withheld and misdated by the Nova Scotia Company.

The Canada's advices are to the afternoon of Saturday, and in a commercial point of view are important.

The political news is interesting, but possesses no features of startling moment.

No battles had as yet occurred between the opposite forces in Sardinia.

The Austrians had, however, been repulsed in an attempt to cross the Po at Trassineito, with considerable loss.

Special Notices.

To Married Ladies.

☞ DR. MATTISON'S INDIAN EMMENAGOGUE is a new and elegant medicine, designed expressly for females. It is prepared from an Indian plant, which has been used by the natives for the same purpose for time immemorial and is now for the first time offered to the public. The rare and virtues of this remarkable plant were recently learned from Skenandoah, an Oneida Chief who lived near Syracuse, N.Y., to a very great age. It is neatly put up in two ounce bottles, with full directions for using, and is warranted to cure in case of obstruction of the Monthly Sickness—after in twenty four hours, and not, under any other circumstances has it been tried in vain. This may seem incredible, but if it fail in any of the cases within the time specified, it will also prevent disease from any cause whatever, if taken a day or two longer or monthly period, and is therefore of the greatest value to married ladies wishing to avoid the accidents to which they are liable. It is also the most reliable Female Renovating Bitters and delicate females with deranged constitutions, as especially are area and regulates that function thereby arising that healthy glow of health to the cheeks, and strength as it gives the whole system. Purely vegetable, containing nothing injurious to health, and may be taken with perfect safety at all times and under all circumstances. LADIES, THEREFORE, in case of something that is sure, had to be used for the INDIAN EMMENAGOGUE, instead of wasting time and money in trying other things which at the best are very uncertain, as the relief never warranted as no in the first female. Sold by agents in all parts of the country. Sold only at Dr. MATTISON'S, RE EDAL INSTITUTE, No. 28 Hope st., Providence, R. I. Orders promptly attended to. See advertisement in this paper.

Gold's Patent Low Pressure Self-Regulating Apparatus.

AS manufactured by the Rhode Island Steam Heating Company, Pawtucket, R.I.

This method of warming both public and private buildings, as has been proved by actual experience for the last four years, is the cheapest, safest, most pleasant and healthful of any other known method. It leaves the room heated in this manner entirely free from the gasses, dust, smoke, &c., which are continually arising from stoves and hot air furnaces. The heat produced is sufficient to warm a cold building in the coldest of weather, and is also mild, pleasant and agreeable, having the softness of summer air; and to the consumptive and invalid it is invaluable.

This apparatus can be put into buildings in process of erection or those already built.

We shall endeavor in all cases to put up the Apparatus in a style not only meritorious to ourselves, but to the satisfaction of our customers.

Refers, by permission, to Wm. J. Swinburne, Esq., D. W. Holloway, Esq., and F. B. Peckham Esq., Belle Vue House.

SANFORD'S LIVER INVIGORATOR

TESTIMONIALS.

Richmond, McHenry Co., Ill., Dec. 8, 1858.

Dr. S. T. W. SANFORD—Dear Sir:—I am here on my mission ground, and feel myself under great obligation to your Medicine for bringing me here, fitted for active service. I have used it myself and given it to my family, and have found it to be all that is recommended to be—a specific for Head Ache, and Dyspepsia, and Jaundice. I have used it freely, and used it all; but am afraid if I fare as others do, I shall be obliged to test its efficacy in Fever and Ague. I have looked in several Apothecary Shops here, and do not find it; it should be here.

Very respectfully yours, &c.,
REV. L. R. LOCKWOOD.

Dec. 20th, 1858.

I have used the Liver Invigorator, prepared by Dr. Sanford, in my family during the past Summer, and have found it to be a Medicine of great value for the purposes for which it is recommended. It has also been used by others in my congregation, from whom it has received high commendation.

J. W. VAN BUREN,
Pastor of the Reform'd Dutch Church, New Lotts, Long Island,
Boston, Feb. 22, 1858.

Messrs. M. S. Bunn & Co., No. 1 Cornhill Boston.

Gents:—I have the pleasure to assure you that the *Sanford's Liver Invigorator* purchased of you for use in my family, has proved equal to my *highest expectations*, and I have recommended it to many of my friends similarly afflicted. I feel that it is almost a specific in such complaints, and am willing that you should use my name for the good of the afflicted, if by so doing they may be induced *Certificate.*—I have used your va uable medicine in my own family with great success and have mentioned it in the columns of my paper. I am, generally speaking, opposed to patent medicines, but your Invigorator makes an honorable exception.—By it my wife was entirely cured of twenty years' sick head-ache. With highest regard yours most obediently,

(Signed,) VICTOR SCRIBNER,
Editor and publisher of Pittsburg Dispatch.

HOWARD ASSOCIATION. PHILADELPHIA.

A Benevolent Institution, established by special endowment for the relief of the sick and distressed, afflicted with Virulent and Epidemic diseases.

THE Howard Association, in view of the awful destruction of human life, caused by sexual diseases, and the deceptions practised upon the unfortunate victims of such diseases by Quacks, several years ago directed their consulting Surgeon, as a **Charitable Act** worthy of their name, to open a Dispensary for the treatment of this class of diseases in all their form and to give **Medical Advice Gratis,** to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.,) and in cases of extreme poverty to **Furnish Medicines Free of Charge.** It is needless to add that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.

The Directors of the Association, in their annual report upon the treatment of sexual diseases, for the year ending July 1st, 1858, expresses the highest satisfaction with the success which has attended the labors of the consulting surgeon in the cure of Spermatorrhœ, Seminal Weakness, Impotence, Gonnorrhœa, Gleet, Syphilis, the vice of Onanism or self abuse, &c., and order a continuance of the same plan for the ensuing year.

The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort, have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal to this very important but much despised cause.

An admirable Report on Spermatorrhœa, or Seminal Weakness, the vice of Onanism, Masturbation or Self-Abuse, and other Diseases of the Sexual Organs, by the consulting Surgeon, which will be sent by mail, (in a sealed envelope,) free of charge, on the receipt of two stamps for postage.

Address, for Report or treatment, Dr. **George R. Calhoun,** Consulting Surgeon, Howard Association, No. 2 South Ninth street, Philadelphia, Pa. By order of the Directors.

A CARD TO THE LADIES.

DR. DUPONCA'S Golden Periodical Pills for Females. Perfectly harmless, yet wonderfully and powerfully eeacious in correcting regulating, and removing all obstruction from whatever cause.

All medical men know, as well as many others that no female can enjoy good health, unless she is regular; and whenever an obstruction takes place, whether from exposure, cold, or any other cause, the general health begins immediately to decline, and the want of such a remedy has been the cause of so many consumptions among young females. Headache, Pain in the Side, Palpitation of the Heart, Loathing of Food, and Disturbed Sleep, do most always arise from the interruption of nature; and whenever that is the case, the Pills will invariably remedy all these evils; and may always be used successfully as a preventive.—Price $1 per box. For sale at 132 Thames street, corner Church st. eet, and at 12 Washington Square, opposite Rate House. Order for the trade so addressed will be supplied at lowest manufacturer's prices. Ladies by enclosing $1 to *STURGIS & CO.*, Box 801, Newport Post Office, can have the Pills sent confidentially) by mail to any part of the city or country a26—

CURTIS'S CURE FOR BALDNESS.

In bringing this new article—a preventive, and sure Cure for baldness—into notice, the proprietor has acted with extreme caution, knowing that the public, having been so often deceived by worthless compounds and preparations for the hair are prone to pronounce—a humbug—every new thing of the kind introduced, and he has not taken this course to bring it before them until its virtues have been powerfully and most thoroughly tested. As an effectual remedy for Baldness it now stands unrivalled. It has been in use for about a year, during which time upwards of six hundred bottles have been disposed of, and not in a single instance, where a fair trial has been had, has it proved unsuccessful. The proprietor, who is a well-known resident of Providence, R. I., refers to his own case as a proof of its efficacy.

One year since he was entirely bald, but after the application of this Cure, the hair started out in profusion, and he has now a growth as when a young man. There are numerous other cases of a like nature, and he is persuaded there are many well-known citizens of Boston, Providence and Worcester who have used the article with the most complete success. Its action is immediate, producing a free growth of hair, and yet it is entirely free from any substance of an injurious nature.

It also prevents the hair from falling off, cleanses the scalp, removes dandruff almost instantaneously, and removes from the head the excessive heat with which bald persons are generally troubled.

It is certainly the best and safest preparation for the hair ever offered to the public.

Among the many certificates of its efficacy, attention is called to the following:—

PROVIDENCE, Dec. 1, 1858.

I commenced using Curtis's Cure for Baldness some five months since, previous to which time much the larger portion of my head had been bald for nine years. After a few weeks use, the hair commenced growing, and has continued since until my head is now entirely covered. I am forty-eight years of age, and the "Cure" is my case having been with complete success. I take pleasure in recommending it, and will state the above facts personally to any who are interested and will call upon me.

ELISHA SMITH, 119 Friendship street.

And this from Mr. Samuel Woodbury, Manufacturing Jeweler of Providence, and well known in this city:

For some twelve years my hair was continually falling out until the top of my head was entirely bald. Some nine months since I commenced using Curtis's Cure, which soon prevented the old hair from falling and has since covered my head with a fine growth of hair. I recommend it with full confidence to all those who have lost their hair prematurely.

SAMUEL WOODBURY,
54 Friendship st, Providence, R. I.

From Mrs. R. M. Clarke, Millinery Rooms, corner Westminster and Eddy streets, Providence, R. I.

PROVIDENCE, Nov. 29, 1858.

I have been using Curtis's Cure for Baldness and find it to be the best article I have ever tried for promoting the growth of the hair and keeping the head in a clean condition.

MRS. REBECCA M. CLARKE.

From the Rev. J. G. Adams, of Worcester, Mass.

To whom it may concern: This may certify, that from what I have been able to learn from unquestionable sources, of the good and remarkable effects of the use of Mr. Curtis's Cure for Baldness, I am led to regard it as one of the best preparations for the restoration of the hair that has ever been used or invented. The favorable effects of the liquid, also, in cases of nervous headache, and as a cleanser and preserver of the hair, serve to render it all the more valuable. I wish that all who are troubled with baldness in any degree, might be able to obtain and use it.

Worcester, Dec. 11, 1858. J. G. ADAMS.

AMERICAN HOUSE, Boston, Dec. 10, 1858.

About a year since my hair commenced falling out badly; to prevent which I tried various preparations without success. I could otherwise lose my hair entirely, I was about to submit to the shaving of my head, when a friend, who had been using Curtis's Cure successfully, advised me first to give it a trial. I did so; very soon my hair ceased falling, the old hair, which before seemed dry and lifeless, assumed a healthy appearance, new hair started out, and I continue the use of the "Cure" with full confidence that my hair will be fully restored. It keeps the head cool, the hair and scalp clean, and is a very desirable article for toilet use.

J. Q. BRIGHAM.

NEWPORT, March 18, 1859.

I purchased two bottles of Curtis's Cure for Baldness, to stop my hair from falling out, and it has done the work completely for me, and I pronounce it a reliable article, and persons who fear that they will become bald had better try it, and by word for it. They will not be disappointed.

JOHN MYERS, Engineer of Steamboat Ferry.

NEWPORT, March 29, 1859.

Since I commenced using Curtis's Cure for Baldness, my hair is scarcely entirely from falling out, and has been very much strengthened. SAMUEL A. PARKER.

Medicines.

TO THE LADIES—The celebrated Dr. Hughes particularly requests all ladies who may need a medical or surgical adviser, to call at his rooms, No. 13 Howard street, Boston, which they will find arranged for their especial accomodation.

Dr. Hughes having devoted over 18 years to this particular branch of the treatment of diseases peculiar to females, it is now conceeded by all, (both in this country and Europe,) that he excels all the other known practitioners in the safe, speedy and affectional treatment of all female complaints.

Dr. Hughes French Renovating or Female Monthly Pills are to be had genuine only at this office.

These pills are unrivaled in efficacy and superior virtues in regulating all female irregularities. Their action is specific and certain, producing relief in a very short time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practised by advertising a spurious article under some spurious or fictitious name. They are entirely useless, having been got up by miserable pretenders, who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call on the old doctor at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country, with directions.

The best of accommodations furnished for the sick, with kind and attentive nurses, if they wish, at a reasonable rate.

This office is strictly private, with special apartments for ladies, and is so arranged that it is impossible for patients to come in contact with each other.

Recollect the number—13 Howard street.

N. B. All secrets are most strictly confidential,

All letters will be promptly answered. Address Dr. J. B. Hughes, 13 Howard st., Boston.
jy1 1y d

CONFIDENTIALLY to the afflicted.—Dr. J. B. Hughes still continues his old established, 21 Howard Street, Boston, where he can be consulted on all private complaints. All persons in any way afflicted may rely on a sure and speedy cure being performed.

Dr. Hughes has for a number of years paid particular attention to the study and practice of private diseases, and so perfect has he become acquainted with them, that, without boasting, he will warrant an effect al cure in the shortest possible time, no matter how long standing the case may be.

In offering the result of his long study and practical experience to the afflicted, he is governed by humanity only, for so long have they been deceived by miserable quack nostrums, that it is time that some healthy mode of practice should be introduced.

The old doctor proposed to be eminently skillful in curing gonorrhœa, gleet, strictures, syphilis in all its stages, primary, secondary, tertiary, or hereditary seminal weakness, nocturnal emissions, general debility, impotency, and all diseases of the urinary organs. The doctor solicits a call from all who may be afflicted with any such disease, feeling confident of success, and at a great saving of time and money to his patients.

The doctor can be consulted by letter, if the disease is accurately described, medicines will be immediately forwarded, carefully concealed.

Please remember the name and No., as Dr. Hughes has nothing to do with any other office but 13 Howard st.

P. S. The best accommodations will be furnished the sick of both sexes, with kind and attentive nurses, and at a reasonable rate
